

# IMPROVEMENTS

**DECORATIVE BANNERS** feature iconic New Orleans images of art, music, food, history and architecture and are the first phase of a larger way-finding system planned for the Center.

The building's **NEWLY REPAINTED EXTERIOR** and **EXTENSIVE LANDSCAPING ENHANCEMENTS** give the Convention Center a vibrant and welcoming look.

New **DIGITAL, FLAT PANEL AUDIO/VIDEO INFORMATION SYSTEMS** are strategically placed throughout the main lobby, meeting room levels and in pre-function areas.

A **10 GIGABYTE INTERNET BACKBONE** provides meeting planners with unlimited technological opportunities to extend programming to attendees and exhibitors.

**GREENING EFFORTS** now feature 210 trash cans that have been re-purposed as recycling bins, to complement other extensive efforts to reduce the Center's environmental impact.

The Center's two **BALLROOMS**, both in excess of 30,000 square feet, are currently undergoing renovations.

**COMFORTABLE FURNITURE GROUPINGS** have been placed in areas where attendees gather between meetings, transforming the Convention Center into having more of a hotel feel.

**KEY CARD ACCESS SYSTEMS** and **DIGITAL SIGNAGE** have been installed in all 140 meeting rooms

Attendees feel especially welcomed with the personal touch of our new **FLEUR DE LIS AMBASSADORS**.
